

ABOUT ABP

Animal by Product (ABP) regulations control the processing of ABP material in biogas and composting plants in Ireland. The Department of Agriculture, Food and the Marine regulate this in Ireland.

WHAT FOSTER ENVIRONMENTAL DO:

- Liaise with the Department of Agriculture, Food and the Marine
- Validation of Compost and Biogas Plants
- Preparation of Standard Operating Procedures
- Development of Plant HACCP
- Staff Training
- Yearly Auditing of ABP Records of Plant

EXPERIENCE:

- Validation of 8 biogas and compost plants
- Development of HACCP and SOPs for 12 plants
- Prepared applications for ABP storage and OFSI plants
- Prepared application for the European Compost Network (ECN) to the European Food Safety Authority to get new ABP compost processing standards approved as EU standards.

ABOUT:

Percy Foster M.Sc, B.Sc (Hons) has acted as a consultant to plants which included a full service ensuring that plants achieved ABP approval, and also to existing plants that wanted their HACCP audited and SOPs updated. Mr Foster represents the industry on the Agriculture, Food and the Marine's Animal by Product Forum for twelve years.

Since 2014, Mr Foster has managed the ECN ABP subgroup and deals directly with DG Sanco on matters on behalf of the ECN.

Mr Foster completed the HACCP Intermediate (Level 3) and foundation level training course by Campden BRI.

PREVIOUS CLIENTS:

Energia Renewables, Glenmore Generation, BioAgrigas, Barna Waste, OD Recycling, Galway City Council, Envirogrind, O'Toole Composting, Custom Compost & Monaghan Mushrooms.

TESTIMONIALS:

"I can highly recommend the professional service provided by Percy. Over the course of our dealings with him, I always found his advice to be knowledgeable, informative and practical"

Liam Donohoe, General Manager, Custom Compost UC

"Percy gave excellent professional advice and was always at the end of the phone when required. His enormous experience shone out"

Michael Cusack, General Manager, Monaghan Mushrooms Group

"Percy Foster's expertise helped Huntstown Bioenergy achieve its Animal By products regulation licence for our new process and new team. I can highly recommend Percy as an expert in this area."

Peter Ballie, Managing Director, Energia Renewables
